RE: 350 skids and 206 skids

David and he would allow us to use a RTV product to bond the Plugs into the Skidtube.

- Plugs would require:
- Removal from the Skidtube
- Removal of the current O-Ring
- Cleaning with Alcohol
- Installation of NEW O-Ring
- Thorough coating of the RTV
- Insertion of plug into the Spacer
- Setup of exterior of Skidtube.

350 skids and 206 skids  
Subject: High

Yesterday that plugs were falling out. Today we were told that we cannot ship any 350 skids. We have an order to ship today, has there been a solution to this problem? Can we not just sikaflex them in or something? We need to let the customer know if his order is shipping or not...
